2. REGISTRATION PROCESS

1. Students go to our [website](http://dualcredit.missouristate.edu) (dualcredit.missouristate.edu) to start the dual credit registration process
2. Click on the APPLY NOW button
3. Students Create or Log into their DualEnroll account
4. Select the course(s) for dual credit
5. Parent/guardian provides consent. **Registration will not be complete until the parent/guardian consent is provided.** Parents/guardians will receive an email and/or text with a link to provide consent for each course the student requests. (Check your spam or junk mail for this message from DualEnroll). [DualEnroll](#) is the software that MSU uses for dual credit registrations

3. STUDENT ACCOUNTS

AFTER REGISTRATION IS COMPLETE - Students will be assigned a BearPass Number (also known as an M#). A student account has been created for each student. After the student receives a confirmation of being successfully registered, the student will receive an email requesting them to activate the account. Students will want to activate this account to have full access to their Missouri State student records. Instructions and links are available on the Dual Credit website.
